

Session Information

Earth and Space Science Informatics

2006 Fall Meeting

[Top \[Browse/Search Program\]](#)

Wednesday Morning 1			
Time	Session	Location	Title
0800	IN31B	MCW 3024	Computational Rapid Prototyping Capabilities for Advancing Science Toward Societal Benefits I (joint with A, B, H, PA) <i>Presiding: P Houser, Center for Research on Environment and Water, George Mason University; L Friedl, NASA Earth Science Division Applied Sciences Program</i>
0800	IN31B-01	MCW 3024	Evaluating the Potential of NASA's Earth Science Research Results for Improving Future Operational Systems *M E Frederick, E L Cox Jr, L A Friedl INVITED Abstract
0830	IN31B-02	MCW 3024	Transition of R&D into Operations at Fleet Numerical Meteorology and Oceanography Center *R M Clancy INVITED Abstract
0900	IN31B-03	MCW 3024	NOAA Ecosystem Data Assembly Center for the Gulf of Mexico *A R Parsons, R H Beard, R A Arnone, S L Cross, P G Comar, N May, T P Strange Abstract
0915	IN31B-04	MCW 3024	The Mississippi Research Consortium Rapid Prototyping Capability Overview *R Moorhead, T Haupt, V Anantharaj, C O'Hara, J Aanstoos Abstract
0930	IN31B-05	MCW 3024	A Rapid Prototyping Look at NASA's Next Generation Earth-Observing Satellites; Opportunities for Global Change Research and Applications *L Cecil, D F Young, P A Parker, R S Eckman Abstract
0945	IN31B-06	MCW 3024	The Relationship of Research to Applications in Prototyping NASA Earth Science Observations, Measurements and Model Output for Societal Benefits *E Sheffner, M Frederick, L Friedl Abstract
1000	IN31B-07	MCW 3024	Programmatic Perspectives on Using 'Rapid Prototyping Capability' for Water Management Applications Using NASA Products *D Toll, L Friedl, J Entin, E Engman Abstract
